

RAC G Trauma Systems Meeting Minutes

July 19, 2023

Call to order 1000

A meeting of RAC G Trauma Systems Committee was held at UT Health Pavilion Room 1 on Wednesday, July 19, 2023

Sign in Sheet must accompany Minutes (attached)

Purpose of Meeting: Report on Concerns, Educational Opportunities, etc.

1. Regional Trauma Systems Plan
 - The committee decided the primary focus for review and edit to the regional trauma plan would be to pertinent portions relating to trauma. The current regional trauma plan was quickly reviewed and grouped into sections needing review and edit. The defined groups were then assigned to those who volunteered. Groups include participation from trauma program leaders across regional trauma centers. It was agreed upon by the committee to provide a rough draft of suggested edit at the September 20, 2023 trauma systems committee.
2. Sub-Committees:
 - Injury Prevention: Short and long term goal options were discussed and loosely agreed upon. The main concerns were surrounding the need for regional outreach and prevention, and what options are available from our RAC to support this endeavor. It was decided that a separate work group would be developed to better analyze resource needs for regional outreach and prevention. The committee agreed to survey trauma centers for their top 4 mechanisms of injury to better support regional efforts in injury prevention.
 - Registry: Nothing to report as the first sub-committee meeting followed this meeting.
3. DSHS Proposed Rules
 - The committee voiced their support to help addressing any concerns/needs surrounding further/future designation.
4. Announcements: Next meeting is Wednesday, September 20, 2023 at 1000.

Adjournment 1100
